

Team Assessment Payment Policy

Fees assessed by each team for the purposes of playing in invitational tournaments, additional practice or scrimmage ice time, etc., must be paid prior to that event.

Any player who has a balance due at this time will not be allowed to skate unless arrangements (team payment schedule for example) have been made through the coaching staff or CYHA.

Any player with a team fee balance due at the end of the season, for any team fees assessed during the year including tournaments, clothing, awards, and extra ice time, etc., will be required to pay these fees prior to registering for the next CYHA hockey season.
